Program Type: Virtual, asynchronous on-demand

Course Description

The LEAD program provides essential information about the clinical education experience, and is designed to equip athletic trainers for their role as a preceptor. Topics that will be covered in this course include the role of the preceptor, teaching in a clinical environment, providing a successful clinical education experience, and how to work with a variety of differing learner types and skill levels as a preceptor.

Learning Objectives

Learning Objectives

By the end of this presentation, the participant will be able to:

- Identify the characteristics of an effective clinical preceptor
- Develop a personalized plan for becoming an effective clinical preceptor
- Develop clinical questions in a PICOT format
- Describe how different types of learning affect athletic training students
- Integrate quality feedback into your clinical teaching
- Utilize appropriate supervision strategies to help students develop clinical skills

Course Fee

\$29.99 paid online at point-of-purchase. Your course is immediately available following payment for the course.

Required Materials and Equipment

Learners will need a computer, tablet, or mobile device with a stable internet connection in order to watch the course video, complete all course modules, complete the post-course quiz, and complete the post-course survey.

Special Needs Requests

Individuals with special needs should email allison@atstudybuddy.com. We will make every effort to accommodate you as a course participant.

Cancellation Policy

If you need to cancel your registration for one of our educational events, please email allison@atstudybuddy.com

Complaint Policy

We welcome and encourage all participants with complaints to email:

allison@atstudybuddy.com. We will do our best to resolve the issue. All complaints will be kept confidential. Any complaints pertaining to our speakers will be handled with greatest care.

Discrimination Policy

Shea Hawk Solutions, LLC (doing business as ATStudy Buddy) does not discriminate based on race, color, national origin, religion, sex, disability, military status, sexual orientation, or age. Shea Hawk Solutions, LLC is committed to accessibility and non-discrimination in all aspects of its continuing education activities. Participants who have special needs are encouraged to contact program organizers so that all reasonable efforts to accommodate these needs can be made.

Certificate of Attendance

We will provide our learners with a Certificate of Attendance, which can be used for other continuing education bodies, if acceptable. Our learners will be able to download their certificate at the completion of the CE requirements. In order to receive a certificate/CEUs, each learner will be required to:

- Watch the course
- Pass the post-course quiz (80% or greater) if taken as an on-demand webinar
- Complete the evaluation/survey

Course Faculty Bios

Laura Paczesny, MBA, ATC, LAT is originally from Brooklyn, NY and attended Quinnipiac University where she completed her B.S. in Athletic Training in 2011. After graduating, she went back to New York City to be a Graduate Assistant Athletic Trainer at Wagner College. While there, she received her M.B.A in Healthcare Administration and worked with a variety of sports. Her primary responsibilities included Women's Soccer, Women's Lacrosse, Men's and Women's Tennis. After graduation in May 2013 from Wagner College, she was offered a full-time athletic training job to stay there and work as the Assistant Athletic Trainer with Football as well as be responsible for Women's Lacrosse, Women's Swimming and Diving and Men's and Women's tennis. In 2014, she got the opportunity to move to North Carolina and be the Athletic Trainer for Women's Basketball at Elon University, where she stayed for two years. She transitioned to working with a hand and wrist surgeon with Duke Health in a clinic in Durham, NC. She worked alongside this physician for about 6-months before moving to Orlando, FL to work as an athletic trainer with professional tennis players. She worked there for four years while starting a family and at that point decided to transition into working in healthcare administration, where she has worked for the last two years. She started working with ATStudyBuddy in 2021 and has enjoyed still being a part of the athletic training community. Laura and her husband have two kids and still enjoy being involved and supporting college athletics and some of the professional tennis players that she worked with.

Brianna Kraft, MEd, LAT, ATC received her Bachelors of Science Degree in Athletic Training from Northern Illinois University in DeKalb, IL. She then went on to complete her Masters of Education with an emphasis in Positive Coaching and Athletic Leadership from the University of Missouri in May of 2020. While pursuing her masters degree, Brianna worked as a graduate assistant athletic trainer for the University of Missouri track & field and cross-country programs. After graduating, she went on to work as an outreach athletic trainer for a high school outside of Memphis, Tennessee. She is currently licensed as a Certified Athletic Trainer in Indiana and holds a National Certification as an athletic trainer. Brianna currently resides in Sycamore, Illinois. She works at Logan University as an instructor for the Master of Sports Science and Rehabilitation and Master of Strength and Conditioning programs and is pursuing her Doctorate of Health Professions Education. She loves to read, workout, and spend time with her friends and family.

Course Faculty Bios

Allison Strickland, MEd, LAT, ATC is originally from Galesburg, IL and attended Carthage College where she completed her BA in Athletic Training in 2010. After graduating, she went to Tyler, TX to be a Graduate Assistant Athletic Trainer at Tyler Legacy High School through Trinity Mother Francis Hospitals and Clinics. While there, she received her MEd in Health and Kinesiology from UT-Tyler, graduating in 2012. Allison was then the Head Athletic Trainer at Bartlett High School in Bartlett, IL. In 2013, she was elected Secretary of the Illinois Athletic Trainers' Association. In 2014 she moved to Iowa and began working as a Clinical Education Manager and Assistant Director of Global Support for ImPACT Applications, Inc. She transitioned to working with a large Life Sciences company, Integrated DNA Technologies, as a Salesforce Developer from 2018-2022. In 2022, she began working at Sepsis Alliance as the Senior Clinical Education Manager. She launched ATStudy Buddy in 2020 and has enjoyed being active in the athletic training community as the District 5 representative for the NATA PRAT committee. She currently is completing her dissertation for her PhD in Communications with an emphasis in Health Communications from Liberty University. She lives in North Liberty, IA with her husband, who is also an athletic trainer, and two sons.
